HEALTHIER HOSPITALS PROGRAM COMPLIANT PRODUCTS

At Emeco, we take a responsible approach to our production when manufacturing our furniture. Emeco is committed to minimizing our impact on the environment by choosing materials, methods and processes that offer the least risk without compromising design, performance or affordability.

As a result of this dedication to healthy materials, we offer a growing list of products that adhere to the Healthier Hospitals Safer Chemicals Challenge, Version 2.0*. The products listed below avoid the use of Perfluorinated compounds (PFCs) as stain or water repellent treatments, Polyvinyl chloride (PVC), Antimicrobials, intentionally added flame retardants greater than 1000ppm by weight of the homogenous material, and Formaldehyde.

To obtain more information on any of the products listed below, visit emeco.net
